Labelling Machine

Labelling Machine

TB001A/TB1002

Product Parameter >>

Type	TB001A(Right machine) /TB1002 (Left machine)
Size (L*W*H)	1000*1050*1500mm
Application for labels	L: 15 ~ 150mm W: 30 ~ 150mm T: $\geq 5\mu\text{m}$ Backing paper: Glasin backing paper, Glue: non-drying adhesive Label roller diameter :Inner diameter ϕ 76mm, outer diameter $\leq \phi 350$ mm
Main Material	304 Stainless Steel / Aluminum Alloy
Voltage	220V
Power	800W
Speed Regulation	Servo Speed Regulation
Motor Brand	Schneider
Speed	10 ~ 55m/min
Application	Box Products, can stick the top or side, label surface must be flat
Remark	Accuracy depend on sample size, label size and product running speed
