## QUICK GLANCE

Valve bags

Automatic

250 bags/hour

## BENEFITS

- Total automation of the bagging process
- Sealed bag preventing leakages of product throughout the filling process, logistics and end handling
- Output optimization at the bagging point

## FEATURES

- Outputs up to 250 bags/hour
- Ultrasounds generator connected to sonotrode
- Paper valve bags with external and sealable valve
- Filling spout with inflatable sieve for maximum obturation
- Bag's supporting and referencing device featuring bottom opening. Vertical fall of the bag onto the exit conveyor

## APPLICATIONS

- Agro-feed: Ingredients, and others
- Foodstuff: Flours, starches, bakery additives, and others
- Chemical & Petrochemical: PVC, fine chemical products, and others
- Building & mining: Mortars, cements, other minerals, and others

## OPTIONS

- Anti-corrosive versions to handle highly aggressive products
- ATEX versions for installation in Classified Areas
